

New Holstein School District 2024 Summer School Course Descriptions

**June 3 to June 28th
Monday - Friday**

Online Registration:

Starts Wednesday, April 3 at 5:00pm

Fees and Transportation Forms due by April 12th

Dear Families,

Welcome to summer school! We look forward to seeing students for some fun and extra learning this **June 3th - June 28th**. All classes will be held **at the ELEMENTARY SCHOOL this year**. Classes are held Monday - Friday. Summer school **starts at 8:00 am and ends at 12:00 pm**. Our Husky Den will provide before summer school care and after summer school care.

Below are some very important reminders when signing up for summer school classes:

- All classes meet for 1 hour unless otherwise stated.
- Please pay as you sign up. If fees are not received by **April 12th**, the class will no longer be saved for your child.
- **Please use your child's 2023/2024 grade level when you sign up for classes.** See course descriptions for grade level offerings.
- Busing will be available this summer. If you would like bus service, please fill out the transportation form in this packet. Forms need to be turned in **by April 12th** or busing will not be guaranteed.
- Drop off and pick up traffic patterns will follow the same Elementary School procedures as are used during the current school year.

If you have any questions or concerns, please feel free to contact us, 920-898-4208

2024 Elementary School Course Selections for Summer School

Basketball Fundamentals I: Offered 1st hour to grades K-2: In this course, students will be introduced to the fundamental skills of basketball. Emphasis will be placed on training, rules and skill development.

No Fee.

Instructor: Jason Hoerth

Basketball Fundamentals II: Offered 2nd hour to grades 3-5: This course helps students continue to learn the fundamental skills of basketball. Emphasis will be placed on training, rules and skill development.

No Fee.

Instructor: Jason Hoerth

Camp Learn-A-Lot: Offered 3rd and 4th hour to grades K-1: Grab your marshmallows, chocolate, graham crackers, books and sleeping bags because it's time for CAMPING! Come enjoy all the wonderful ways that reading and math can make camping even more fun!

Fee: \$10.00

Instructor: Alyssa Abbott

Coding I: Offered 1st hour to grades 2-5: This is a coding class that will blend online, self-guided, and self-paced tutorials with "unplugged" activities that require no computer at all! Students will learn: conditionals, algorithms, binary code, debugging, and societal impacts of computing.

No Fee

Instructor: Nathan Laabs

Coding II: Offered 2nd hour to grades 3-7: This class is for those who have taken the introductory coding class and would like to continue to build their skills. We will build on the concepts learned in the first class to continue to learn about the career of computer programming. The code.org curriculum will continue to be used.

No Fee.

Instructor: Nathan Laabs

Comics to Animation: Offered 1st hour to grades 3-5: Students will create animation from old to new. Each student will create his or her own story using comic strip sketches and from those sketches animate the story using different types of technology.

\$14.00 Fee

Instructor: Mary Forstner

Crafty Creations: Offered 1st, 2nd, and 4th hours to grades K-2 and 3rd hour to grades K-1: Students will use their creativity to create different crafts out of many different materials. Please send an old shirt or a smock with your student, things may get messy.

\$15.00 Fee

Instructor: Lori Noss

Healthy Bodies/ Healthy Minds: Offered 1st hour and 3rd hour to grades K-2: To live a healthy life students need to develop healthy habits for body and mind. In this class Students will explore many ways to keep their minds and bodies healthy. Possible topics may include mindfulness techniques, yoga, healthy snacks, movement and exercise, personal safety, and healthy habits vs unhealthy habits.

\$15.00 Fee

Instructor: Ann Franz

Kindergarten Readiness: Offered for the 4 hours of summer school to grade K4: Students will get ready for kindergarten by exploring math, literacy, writing and phonics with summer themed projects and interactive play with their peers.

\$12.00 Fee

Instructors: Gayle Klich and Amy Loose

LEGO Learning: Offered 1st hour to grades 2-4, 2nd, 3rd and 4th hour grades K-2: This course is designed for children who love to build with LEGO bricks. Students will use imagination and creativity to plan and build individually and with friends.

No Fee

Instructor: Matt Henry and Reba Henry

Let's Go Outside: Offered 3rd hour to grades 2-3 and 4th hour to grades K-1: Summer is the time to be outside and this class will take advantage of that. Students will play games, have contests and do activities that are more fun outdoors.

No Fee

Instructor: Jason Hoerth

Math for 1st and 2nd Grade: Offered 2nd hour to grades 1-2: Students will work on 1st and 2nd grade math strategies, review basic facts and practice problem solving skills. Math games, puzzles, and manipulatives will be used.

No Fee

Instructor: Ann Franz

Math for 3rd and 4th Grade: Offered 4th hour to grades 3-4: Students will work on 3rd and 4th grade math strategies, review basic facts and practice problem solving skills. Math games, puzzles, and manipulatives will be used.

No fee

Instructor: Ann Franz

Math for 5th, 6th and 7th Grade: Offered 3rd hour to grades 5-7: Students will review math strategies and problem solving learned in 5th, 6th and 7th grade. Math games, puzzles, and technology will be used.

No Fee

Instructor: Nicole Fiedler

Mixed Media in Art: Offered 3rd hour to grades 4-7 and 4th hour to grades 2-3: This is the perfect class to learn to draw, paint, and work with pastels. Students will discover how to express their creative sides and learn a little art history in the process.

Fee \$15.00

Instructor: Mary Forstner

Reading Success for 2nd Grade: Offered 3rd hour to grade 2: This class is designed to help build reading strategies and skills for 2nd graders. Students work with themed magazines packed with highly visual nonfiction articles and literary fiction. Students also work on vocabulary and word study, comprehension strategies, and writing.

No Fee

Instructor: Jodi Oye

Reading Success for 3rd and 4th Grade: Offered 2nd hour to grade 3-4: This class is designed to help build reading strategies and skills for 3rd and 4th graders. Students will work on vocabulary word study, comprehension strategies, and writing.

No Fee

Instruction: Corbin Thompson

Reading Success for 5th, 6th, and 7th Grade: Offered 1st hour to grades 5-7: This class is designed to help build reading strategies and skills for middle schoolers. Students will work on vocabulary and word study, comprehension strategies, and writing.

No Fee

Instructor: Corbin Thompson

Rocketry: Offered 1st and 2nd hours to grades 4-7: Students will have hands-on experience building their own rockets. Rockets will be launched and recovered.

\$15.00 Fee

Instructor: Nicole Fiedler

Sewing I: Offered 1st and 2nd hours to grades 2-3: This beginning sewing class will have everyone using the sewing machine and sewing by hand. A variety of fun, unique sewing projects will be made. No previous sewing experience is necessary. All materials are provided.

\$15.00 Fee

Instructor: Sandy Stephany

Sewing II: Offered 3rd hour and 4th hour to grades 4-7: In this sewing class, we will be making projects using the sewing machine and hand stitching. A variety of sewing projects will be made according to the students' interests and abilities. All materials are provided.

\$15.00 Fee

Instructor: Sandy Stephany

Space Science: Offered 3rd hour to grades K-1 and 4th hour to grades 2-4: This class is available for students interested in learning about "infinity and beyond". Students will learn about planets, stars, and the sun in our universe using a variety of books and fun projects.

No Fee

Instructor: Nathan Laabs

S.T.E.M. for the Summer: Offered 1st hour to grades 5-7, 2nd hour to grades 3-5 and 4th hour to grades 4 and 5: S.T.E.M. (science, technology, engineering, and math) themes will be explored in a hands-on, exciting mix of problem solving, planning, building and experimenting.

\$5.00 Fee

Instructor: Jodi Oye

Storytelling: Offered 3rd hour to grades 3-5 and 4th hour to grades 1-3: Let your imagination run wild and learn how to write it all down. This class will explore many writing strategies so students can create interesting, illustrated stories to share with others.

No Fee

Instructor: Arianna Schnell

Strategy Games: Offered 4th hour to grades 4-7: This class gives students the opportunity to engage in games that require the use of strategy. We have many to choose from including card games, word games, board games, and even some outdoor games. Students are even welcome to bring in their own to share. Let's see which strategies can be the most successful.

No fee

Instructor: Nicole Fiedler

Super Summer Sports: Offered 1st to grades K-1 and 2nd hour to grades K-2: Playing creatively with a partner, or a group, is what participants of this class will be engaged in. Students will learn many new and creative ways to play games that involve exercising bodies as well as imaginations.

No Fee

Instructor: Arianna Schnell

Team Problem Solver: Offered 1st and 3rd hour to grades 3-5, and 4th hour to grades 5-7: Students in this class will build structures, solve mysteries, and work through puzzles all while learning to work as a team.

No Fee

Instructor: Dayne Jacobson

Team Sports: Offered 3rd hour to grades 3-4 and 4th hour to grades 2-3: Students will be offered a variety of organized team sports including soccer, baseball, kickball, dodgeball, and more.

No Fee

Instructor: Corbin Thompson

Traveling the World Offered 2nd hour to grades 2-4: Do you have dreams to travel the world someday? Well if you do, or if you want to but don't know where to start, then take this class. Students will have the opportunity to learn about many different places to visit, types of travel, and how to plan an adventure.

\$10.00 Fee

Instructor: Alyssa Abbott

Upcycle Art: Offered 2nd hour to grades 5-7: This class will give you the opportunity to create new projects from old materials. We will be using toilet paper rolls, cardboard, yarn, tin cans, denim, other fabrics, and so much more. 2 sewing machines will also be accessible. The possibilities are endless! Projects will be planned or you can create your own.

\$15.00 Fee

Instructor: Mary Forstner

We Can Work Together: Offered 2nd hour to grades K-1: This class will help students learn to organize a group and cooperate through fun games and team building activities.

No Fee

Instructor: Dayne Jacobson

Where in the World are We?: Offered 1st hour to grades K-1: There is a big wide world beyond out there! Students will explore places and cultures beyond our community and learn how different and yet similar we all are.

\$10.00 Fee

Instructor: Alyssa Abbott

2024 High School Course Selections for Summer School

Strength and Conditioning: Incoming Freshmen - Juniors - Mr. Matt Rupp/Mr. Jim Augustine

This course will teach the student how to lift weights in a safe manner. We will also focus on speed, agility, and conditioning. It will help prepare you for playing sports next year. Students must have a parent register via Skyward. Summer School Transportation form must be completed and sent to the Elementary School to use summer school bussing.

AP U.S. History Prep: Incoming Juniors and Seniors - Mr. Jordan Ollhoff

This course is designed to help students enrolled in AP US History develop the skills needed to handle a college level workload, and gain a better understanding of time management. Students will develop the reading, writing, and historical thinking skills necessary to succeed at the collegiate level. Throughout the course students will be given the opportunity to get assistance with and complete their summer assignments prior to the beginning of the school year. Students must sign up with Mr. Ollhoff by May 15th. Schedule will be provided by the teacher. No course fee.

AP Language and Composition: Incoming Juniors and Seniors - Ms. McKayla Hoffman

This course is designed to help students enrolled in AP Language and Composition develop the skills needed to handle a college level workload, and gain a better understanding of time management. Students will develop the vocabulary, reading, writing, and critical thinking skills necessary to succeed at the collegiate level. Throughout the course students will be given the opportunity to get assistance with and complete their summer assignments which include close reading strategies of various expository texts, introduction to rhetorical terminology, and the building of an argument. Students must sign up with Ms. Hoffman by May 15th. Schedule will be provided by the teacher. No course fee.

2023 Supervised Agricultural Experience (SAE) - Mr. Joe Heinbuch

This course is designed to reflect one of the three essential components of an agricultural education program for those students aspiring to further develop their Supervised Agricultural Experience. The emphasis of this course is on hands-on learning and applied lessons. Students in this course will work directly with the Agriscience Department. This summer's independent study course includes putting together activity-based lessons relating to the SAEs of the enrolled students. Some of the areas that lessons will focus around will be: Dairy Production, Beef Production, Poultry Production, Sheep Production, Horticultural Science, Food Science / Agricultural Processing, Agricultural Education, Agriscience Applications, Agribusiness, Landscape Management, Crop Science, and any other agricultural applications students wish to pursue. The students will need to record a minimum of 90 hours during their summer projects in order to meet the requirement for a 1/2 credit in Agriculture. This class will also be graded on a pass/fail grade. Please see **Mr. Heinbuch** with any questions. Students must sign up with Mr. Heinbuch by May 15th. Schedules will be provided by the teacher.

Ries Driving School Summer Session

Driver's Education at New Holstein High School:

30 hours of classroom instruction running June 10th-14th (M-F), June 17th-21st (M-F), June 24th-June 28th (M-F). **Classes will be held from 8-10am in the MS Room 130.**

*During the 30 hour classroom session all students will be eligible to take the state temporary permit exam.

*We hope our program will accommodate your schedule.

To make a reservation or for more information about the program, please call Ries Driving School at 920-921-2846.

Students wishing to use bus transportation for any high school offerings, including Ries Driving School, must complete the transportation form and return it to the Elementary School.

2024 New Holstein School District Summer School Registration:

Dear Families,

For the 2024 Summer School registration, we will be using our online Skyward Student Information system. Directions below will get you started to sign up your child.

Skyward Summer School Registration Directions:

1. Log into the New Holstein School Website
2. Click on the Skyward logo at the **top right** of the page
3. Please enter your family access **login and password** (if you need this information, please contact the Elementary/Middle School Office.)
4. Click on **Arena Scheduling** on the left column
5. Select student by clicking on their **Summer School hyperlink** below their name
6. Select a course by clicking the “**add**” symbol on the left of the course names.
7. Once all desired courses have been selected for the hours, click the **submit classes** button
8. Review class selection again and click on **Submit Schedule** to complete registration

Once you have completed the registration in **Skyward**, please fill out the Summer School Fee Sheet and return to New Holstein Elementary School. Your child will NOT be completely registered until all fees are paid.

For families that are not currently enrolled at New Holstein School district, please contact the New Holstein Elementary School Office. (920) 898-4208. You must fill out a registration form to get family access and login information to sign up for Summer School this year.

Please contact the elementary school office (920) 898-4208 or mpritchard@nhsd.k12.wi.us with any questions or concerns. Thank you!

Summer School Fee Sheet

Please return this form to the Elementary School office as soon as you have registered for your child's classes. If payment is not received by **April 12th**, the class will no longer be saved for your child.
