

School District of New Holstein Co-Curricular Code

To Board of Education: June 12, 2017

NONDISCRIMINATION STATEMENT

No person shall on the basis of race, color, creed, handicapping condition, sex, national origin, ancestry, religion, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any program, activity or employment by the School District of New Holstein as required by Title VI, Title IX, Section 504, and Title II of the ADA.

The School District of New Holstein is interested in the broadest development of all their students. Among other opportunities, we offer a comprehensive co-curricular program appropriate to the interests and capabilities of our student body. While participation in the co-curricular program is beneficial to the development of good student citizens, it is a privilege, not a right. Participation is voluntary, not required, and therefore additional expectations and rules apply to the student who chooses this option. In all cases of violation of this code, parents will be notified in a timely fashion.

PARTICIPANT ELIGIBILITY

In order to be eligible, the participant must meet the following criteria:

- be enrolled in the School District of New Holstein;
- maintain amateur status;
- meet the age requirement;
- sign and return the acknowledgement and statement of support for this code;
- athlete must meet all WIAA eligibility requirements;
- athlete must sign and return WIAA code.

ACADEMIC ELIGIBILITY

The basic academic standard for eligibility to participate in any co-curricular activities is that the student must be passing all of his/her work. Student grades are checked at the mid-quarter and the end of the quarter. Semester grades take precedence over quarter grades. Students who receive failing grades will be restricted from co-curricular activities as follows:

- One (1) "F" – Student will be allowed to practice but not participate in contests or performances for fifteen (15) school days. If the student is not passing all courses at the end of fifteen (15) school days, they would be suspended from practices and contests/performances until the next grade check period.
- Two (2) or more "F's" – Student will be suspended from practices and contests/performances until the next grade check period.
- Incompletes (I) – Will be treated as a "F" until the grade is officially changed and recorded in the office. Students will have five (5) school days to get his/her incomplete changed to a passing grade.
- Summer baseball – The ineligibility period shall be for 21 calendar days from the date grades become official at the end of the school year.
- Fall Sports/Pom/Cheer- 21 consecutive calendar days beginning from the earliest allowed official game/match in the Fall sport season as established by the WIAA, or 1/3 of the maximum number of games/events allowed in the sport (rounded up or down to the nearest whole game; i.e. 2.4 = 2 games, 2.5 = 3 games). NOTE: An interschool scrimmage and summer parades/performances DO NOT count as a game/meet for purposes of this rule.
- If a student attends summer school and passes a course in his/her area of deficiency, their "F" will be deleted. If a course is not offered in their area of deficiency, they may substitute another course with the approval of administration.
- Academic eligibility will be determined on a continuous basis.

ATTENDANCE

It is imperative that participants attend school. Participants are required to attend school the entire afternoon of an event and the entire school day following the event unless excused by an administrator for a justifiable reason. Justifiable reasons include but are not limited to the following: preplanned absences, medical excuse with doctor notation, and family emergencies. Attendance violations will result in a one-contest suspension. Participants under disciplinary suspension will not be permitted to participate in a co-curricular event on that day. Students that are excused from physical education classes for medical reasons will be held out of athletic participation during the period of the athletic excuse.

PARTICIPATION RULES

(Code of Conduct)

The intent of the participation rules is to promote the best interests of the participants and the teams. It directs the participant toward a healthy life style, physically and emotionally. Participants who comply with the rules demonstrate a desire to dedicate themselves to self-improvement as well as support of the activity, the coaches, the school, and the community.

These rules will be enforced on a twelve-month basis. Therefore, participants who are not engaged in a co-curricular activity during a particular season must still adhere to the requirements of this code. This co-curricular code has no application in the event of an expulsion, any Board of Education conditions of re-entry or voluntary student withdrawal.

Participants must refrain from any conduct that could reflect unfavorably on themselves, the activity, the school or WIAA, including but not limited to unacceptable co-curricular code conduct listed on Exhibit 1.

If a student joins a team to serve a suspension, they must complete the season in good standing to have the suspension be served.

EQUIPMENT

Co-curricular participants are responsible for any uniforms and/or equipment issued to them. It is the responsibility of the participant to return the uniform and/or equipment to his/her coach/advisor within five (5) school days after the completion of their season. All participants will be financially responsible for the replacement cost of any lost, stolen, or damaged uniforms and/or equipment issued to them. Students will not be allowed to participate, practice, or compete in another sport until he/she has returned or paid for all uniforms and equipment that was issued to them in a previous season.

AWARDS

Students must be eligible at the end of their season to be considered for any awards.

TRAVEL POLICY

All participants under this co-curricular code are required to travel to and from out-of-town contests with their team/group on the team/group bus. Exceptions may be made if requested by the parents/guardians in writing according to policy 352, Exhibit 5A & 5B. Any violations will result in Type 1 disciplinary procedure.

NON-ATHLETIC CO-CURRICULAR ACTIVITIES

Competitive Clubs and Organizations

(See page 1 for list)

These clubs have interscholastic competition as the major portion of their program and activities.

These clubs will follow the same code and procedures as the athletic teams. Suspension from these clubs will not substitute for athletic suspensions. A student will be suspended from all co-curricular activities for the same violation of the code.

Students who join these organizations must attend a code meeting with parents and/or guardian for athletics or for one of these organizations and sign the athletic code or the club's co-curricular code before participation in practice or any competition.

Noncompetitive School Organizations

(See page 1 for list)

The noncompetitive school organizations are those which do not compete interscholastically as a major portion of their activities.

The noncompetitive organizations are also distinguished by the increased empowerment of students in running the organization, the activities undertaken, and the services provided to others in the school, community, and the larger community. They also differ from competitive teams and organizations in the variety of interests and activities that they

sponsor and participate in. Their organizations are very different from each other, so that they do not fit well under a single description or code of conduct.

CODE REQUIREMENT: Each organization must file an expectation's code with the middle school/high school administration. This code must be reviewed by the organization and approved by the administration each spring, with any changes to go into effect in the fall. The code must be explained to each member of the club and the student must sign a copy acknowledging that they have read and understand the club's code. The advisor must retain the signed copies.

The code for each organization must address the following issues:

1. Purpose of the club and how it relates to the school mission.
2. Academic expectations of students
3. School and club attendance expectations
4. Behavioral expectations of club members
5. Procedures for disciplinary action within the club, including reasons for suspension and/or removal and appeal procedures.

Nationally affiliated groups will be expected to include the national codes of ethics and/or behavior in their code.

Students who join these organizations must attend a code meeting with parents and/or guardian for athletics or for one of these organizations and sign the athletic code or the club's co-curricular code before participation in practice or any competition.

Dance Courts

By serving on a dance court, a student is honored and represents the school as a whole. The following policy is designed to encourage students to maintain good behavior so that they can be so honored.

Students will not be allowed to be on a dance court as either an elected member or an escort under the following circumstances:

1. If the student has a type 1 co-curricular code violation, he/she may not be allowed to be on any dance court until after the next major dance (Homecoming, Prom) from the end of the suspension. If the student is not an athlete, and the school administration is aware of a situation, which would have been an athletic violation if the student had been an athlete, then the student may not be allowed to be on any dance court through the next major dance (Homecoming, Prom) from the discovery of the equivalent violation. Type 1 co-curricular code violations court suspensions are not cumulative.
2. If the student has a type 2/3 co-curricular code violation, he/she will not be allowed to be on any dance court until after the next two major dances (Homecoming, Prom) from the end of the suspension. If the student is not an athlete, and the school administration is aware of a situation which would have been an athletic violation if the student had been an athlete; then they will not be allowed to be on any dance court for the next two major dances following the discovery of the equivalent violation.
3. If a student who is voted on to court receives a type 1/2/3 co-curricular code violation, they will immediately be removed from the court as well as subject to #1 and #2 above.

The student and/or his parents may appeal a decision to the school District Administrator.

DISCIPLINARY PROCEDURE

In all cases of violation of the co-curricular code, reporting of the violation will be made in a timely fashion and parents/guardians will be notified as soon as possible. Discipline procedures for each violation are in place for one calendar year. Refer to Exhibit 1 for the disciplinary procedures.

Discipline Procedures:

Each co-curricular participant in the School District of New Holstein shall receive a copy of the Co-curricular Code, which contains all of the policies and expectations. The students shall also receive verbal expectations from the coach. It shall be the student's responsibility to take the code home to review the content with the parents or guardian. The student may not compete until the "Co-curricular Code Awareness Form" is returned, properly signed by the student and the parent or guardian.

When an alleged violation of the co-curricular code is reported to the administration (the allegation may be written or verbal unless reported by a law enforcement agency), the Principal or designee shall arrange a conference with the student to take place as soon as possible, but no later than five (5) school days after the allegation has been made. (It is to be noted that pre-school practice days will be considered as school days for these purposes.) The student in question shall continue to practice and compete until the initial conference is held. The initial steps will consist of fact finding, and the additional steps will be procedural.

1. In the event the student admits to the allegation of a violation at the conference, the Principal or designee shall impose the appropriate penalty for the violation as herein specified, which begins immediately.
2. In the event the student denies the alleged violation at the initial conference, the Principal or designee shall determine whether there is sufficient evidence to warrant further action.
 - a. If there is insufficient evidence as determined by the Principal or designee the allegation will be dropped.
 - b. If there is sufficient evidence that the student has committed the alleged violation, the Principal or designee shall impose the penalty for the violation as herein specified, which begins immediately. The student and his/her parents or guardian shall be given written notice of the discipline imposed, the reason for it and shall be informed of the opportunity for appeal.

In the event the student wishes to appeal the decision, he/she must notify the Principal or designee in writing within five school days of that conference. The Principal or designee shall schedule a hearing with the school's Appeals Council.

APPEALS PROCEDURE

Appeals Council

The School District of New Holstein shall establish a co-curricular appeals council (Appeals Council) whose primary purpose is to resolve cases of eligibility violations or when there is an appeal of a decision made by the principal or designee according to the existing policies. If the co-curricular organization by code has an appeals council/process, that council will be used in place of the Appeals Council. The sole purpose of this Appeals Council will be to determine if all policies and procedures were followed properly in the enforcement of this code.

Members on the Appeals Council shall be for one year and shall consist of three faculty members (one high school, one middle school, one elementary school), one community member, plus a non-voting administrative chair.

- The elementary and middle school faculty members, the community member, and the chair will hear high school appeal.
- The elementary and high school faculty members, the community member, and the chair will hear middle school appeal.
 1. The faculty members to be appointed by the high school principal or designee.
 2. The high school principal or designee will serve as the chair of the Appeals Council.

A simple consensus shall support any action taken by the Appeals Council. Voting shall be done by secret ballot. The Appeals Council as soon as possible following the hearing of the Appeals Council shall reach a decision. All business conducted by the Appeals Council shall be considered confidential to the extent permitted by law.

A quorum of 3 members must be present to conduct a hearing. The associate principal or designee may appoint substitute members in cases where a quorum cannot be reached.

In the event a member of the Appeals Council is a witness in the actual hearing, or has a conflict, that member shall be excused from serving on the Appeals Council for that hearing.

The principal or his/her designee shall appear on behalf of the school during any hearing.

1. The hearing shall be scheduled as soon as possible, preferably before the next event, but no later than ten school days after receiving the appeal request.
2. The penalty already imposed shall remain in effect pending the decision of the Appeals Council.
3. Legal counsel may represent the student and the school. However, the school shall not be responsible for providing legal counsel to the student.
4. The student and the school have the right to call witnesses, cross-examine witnesses and present evidence to the Appeals Council.
5. The findings and decision of the Appeals Council will be either verbally after the hearing and/or in writing and mailed to the student and his/her parent or guardian as soon as possible, but no later than five calendar days after the hearing.
6. If the student or parent/guardian wishes to appeal the decision of the Appeals Council, the student or parent/guardian shall notify the district administrator in writing within five days of the decision of the Appeals Council. The appeal shall be scheduled as soon as possible, but no later than five school days after receiving the appeal request. The district administrator will have the authority to investigate, affirm, modify or overturn the decision and whether proper procedure was used, and examine the issues involved in the situation. The decision made by the district administrator is final.

WISCONSIN INTERSCHOLASTIC ATHLETIC ASSOCIATION

2017-2018 High School Athletic Eligibility Information Bulletin
--

To: Student-Athletes and Their Parents

From: Wisconsin Interscholastic Athletic Association and _____

(School)

Your high school is a member of the Wisconsin Interscholastic Athletic Association. The following rules and regulations are developed by the member schools of the WIAA and govern the participation by boys and girls in school athletics and in some instances, impact upon sports activities outside the school.

This information bulletin is a **summary** of the WIAA OFFICIAL HANDBOOK as it pertains to those rules and regulations. Both student-athletes and their parents should have an understanding of these requirements. Equally important is that student-athletes and/or parents talk to their principal or athletic director if they have any question about these regulations. For additional information on Rules of Eligibility see the WIAA Handbook, or visit the WIAA website at www.wiaawi.org.

This bulletin does not discuss specific penalties for all violations. The reason is that penalties vary depending upon the nature of the violation. In addition, schools often have established penalties or periods of ineligibility, which are greater than the minimum prescribed by WIAA rules.

There also are exceptions and other permissive provisions in some rules. Student-athletes and their parents should discuss all athletic eligibility related situations with the school principal or athletic director who, if necessary, will get a decision, interpretation, or opinion from the WIAA office.

Student-athletes, as well as parents are asked to read this bulletin, and then sign it and have their signature statement (attached) on file at their school prior to practicing and competing.

These are WIAA eligibility rules, which are **current for the 2017-2018 school year:**

AGE

A student shall be ineligible for interscholastic competition if he/she reaches his/her 19th birthday before August 1 of any given school year.

ACADEMICS

A student-athlete must meet school and DPI requirements defining a full-time student and have received no more than one failing grade (including incompletes) in the most recent school issued grade reporting period. Note: Some member schools adopt code and academic policies and other participation requirements which are more stringent than WIAA minimum requirements. In those instances the schools requirements prevail and must be applied as written.

ATTENDANCE

A student-athlete is eligible for interscholastic competition at a member school if he/she is carried on the attendance rolls as a duly enrolled full-time Grade 9, 10, 11 or 12 student in that member school. (Subject to satisfying all other eligibility requirements.)

Note: A full-time student is further defined as one where the member school is responsible for programming 100% of the student's school day. The student is eligible for like or similar awards, privileges and services as all the other students and meets all obligations and responsibilities as other students, without exception.

- A. A student must complete eligibility in the four consecutive years starting with Grade 9 and the three consecutive years starting with Grade 10, unless there are documented extenuating circumstances and a waiver has been provided.
- B. A student is ineligible if he/she has graduated from a school offering studies through Grade 12 or its equivalent.
- C. A student who graduated in May or June retains eligibility for (a) any portion of a spring athletic schedule not completed by the end of the academic year and (b) the school's summer athletic schedule.
- D. A student is ineligible if he/she has not been enrolled in some school by the 17th day of a semester or trimester, except upon request of a school in special cases involving sickness, accident, military service, social services assignment, e.g.
- E. A student-athlete may not participate in school sports in more than four different years, and a student-athlete may not participate in the same sport more than one season each school year.

DETERMINING RESIDENCE FOR PUBLIC SCHOOL STUDENTS

A full-time student, whether an adult or not, is eligible for varsity interscholastic competition only at the school within whose attendance boundaries his/her parents reside, within a given school district, with these additional provisions:

- A. Board of Education approved full-time student(s), paying their own tuition and residing full time with parents in their primary residence shall be afforded eligibility. Transfer students are subject to provisions outlined in the transfers section of this document and in the Senior High Handbook.
- B. The residence of a student's guardians shall determine eligibility in cases where both parents of a student are deceased. The execution of guardianship papers in situations where one or both parents are living does not by itself make a student eligible.

- C. In the event of a divorce or legal separation, whether pending or final, a student's residence at the beginning of the school year shall determine eligibility, except in situations involving transfer after the fourth consecutive semester following entry into grade 9. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.' Under this rule, a student who transfers after the beginning of the school year shall be ineligible at the new school unless approval is granted by the Board of Control in accordance with the transfer and/or waiver provisions as described in the WIAA HS Handbook.
- D. A student whose tuition is paid by the school within whose attendance boundaries parents reside or by the state and is enrolled in a district approved program may be eligible at either school (first priority to school of residence) but (a) may not participate at both schools in the same year and (b) academic ineligibility accompanies student upon transfer. Transfer restrictions may also apply.
- E. A student whose tuition is paid by the school within whose attendance boundaries parents reside or by the state or who is participating full time in a legislated open enrollment option must meet all statutory timeline requirements. This provision extends the opportunity to decline attendance at the new school and continue at his/her school of residence. If the student begins the school year at the new school and then transfers back to school of residence after attending one or more days of school or one or more athletic practices, he/she shall be subject to transfer provisions as outlined in the transfer Section of this document.
- F. A student may continue being eligible in the same school even though parent(s) and/or student move from within that school's attendance boundaries, provided enrollment is continuous (unbroken in that school).
- G. After a student-athlete has not participated and/or has had their eligibility restricted for one calendar year due to reasons relating to residence and/or transfer, he/she becomes eligible.
- H. A student-athlete will not be eligible if his/her attendance at a particular school resulted from undue influence (special consideration because of athletic ability) on the part of any person.
- I. A student-athlete who has been declared ineligible at a school for disciplinary reasons, academic reasons or due to another State Association's provision retains that ineligibility status if he/she transfers to another school.
- J. Except in situations involving transfer after a student's fourth consecutive semester, a full-time student whose residence in a given district and attendance at a member school does not conform with any of the provisions outlined above shall be eligible for nonvarsity competition only, for one calendar year, unless a waiver is provided as outlined in the WIAA HS Handbook under Waivers. Transfer students are subject to transfer provisions as outlined in the transfer section of this document and in the Senior High Handbook.

DETERMINING RESIDENCE FOR NONPUBLIC SCHOOL STUDENTS

A full-time student, whether an adult or not, is eligible for varsity interscholastic competition only if the student is residing full time with parents in their primary residence with these additional provisions:

- A. In the event of a divorce or legal separation, whether pending or final, a student's residence at the beginning of the school year shall determine eligibility except in situations involving transfer after a student's fourth consecutive semester. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year'. Under this rule, a student who transfers after the beginning of the school year shall be ineligible at the new school unless approval is granted by the Board of Control in accordance with the waiver provisions as described in the WIAA HS Handbook under Waivers. Transfer restrictions may also apply.
- B. Residing full time with guardians shall determine eligibility in cases where both parents of a student are deceased. The execution of guardianship papers in situations where one or both parents are living does not by itself make a student eligible.
- C. A student may continue being eligible in the same school even though parent(s) and/or student move from within that school's traditional attendance area, provided enrollment is continuous (unbroken in that school).
- D. A student who has been in attendance in a nonpublic, self-contained school (i.e. grades K-12 or 7-12) for at least one complete school year prior to reaching Grade 9 and has not broken enrollment during that time is eligible in that nonpublic school upon entering Grade 9.
- E. Except in situations involving mid-year transfer and/or transfer after the fourth consecutive semester students attending member residential schools shall be eligible at the member school provided they reside at the school or reside full time with parents in their primary residence.
- F. Except in situations involving transfer after a student's fourth consecutive semester, a full-time student attending a nonpublic school but not residing in accordance with any of the provisions outlined above shall be eligible for nonvarsity competition only, for one calendar year, unless a waiver is provided as outlined in the WIAA HS Handbook under Waivers.

TRANSFERS

A full-time student may be afforded up to eight consecutive semesters of interscholastic eligibility upon entry into Grade 9. **Transferring schools at any time may result in restrictions being imposed on eligibility, or in some cases a denial of eligibility.** For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.' These additional provisions relate to transfer cases:

- A. A student who transfers from any school into a member school after the sixth consecutive semester following entry into Grade 9 shall be ineligible for competition at any level for one calendar year, but may practice, unless the transfer is made necessary by a total and complete change in residence by parent(s). The calendar year (365 days) will be determined from a student's first day of attendance at the new school.
- B. Open enrolled and/or tuition paying students entering 9th and/or 10th grade at the beginning of the school year and who are within the first four consecutive semesters of high school will be afforded unrestricted eligibility provided all other rules governing student eligibility are met.
- C. Open enrolled and/or tuition paying students entering 11th grade are restricted to nonvarsity opportunities for one calendar year.
- D. Open enrolled and/or tuition paying students entering 12th grade as transfer students are ineligible to compete at any level for one calendar year, but may practice.

- E. 9th grade students who transfer after the beginning of the school year and with written consent from both schools directly involved shall be restricted to nonvarsity opportunities for the remainder of the school year. Restrictions are removed upon entering 10th grade.
- F. 10th or 11th grade students who transfer after the beginning of the school year and with written consent from both schools directly involved shall be restricted to nonvarsity opportunities for one calendar year (365 days beginning with first day of attendance at the new school).
- G. In the event of divorce or legal separation, whether pending or final, residence at the beginning of the school year shall determine eligibility for students entering 9th and/or 10th grade. In situations involving transfer after the sixth consecutive semester following entry into grade 9 the student is ineligible to compete at any level for one calendar year, but may practice.
- H. District policies with respect to intra-district transfer do not supercede WIAA transfer rules in situations involving post-sixth semester transfers. Intra-district transfers occurring after the sixth consecutive semester following entry into grade 9 result in the student being ineligible for competition at any level for one calendar year (365 days beginning with first day of attendance at the new school), but may practice.
- I. Unless transfer, including an accompanying total and complete change of parents' residence, is effective at the outset of a semester, a student cannot establish eligibility at his/her new school until the fifth calendar day of such transfer.
- J. If within the first four consecutive semesters following entry into grade 9, a student who transfers more than once in any given school year shall be ineligible for all interscholastic competition for the remainder of that current school year and will be eligible for nonvarsity opportunities only for the balance of the calendar year. In situations involving transfer after the sixth consecutive semester following entry into grade 9 the student is ineligible to compete at any level for one calendar year, but may practice.
- K. A student may not have eligibility in more than one member school at the same time. A parent or parents who move from a primary residence within one school's attendance boundaries, to a secondary residence within another school's attendance boundaries, may be required by the Board of Control to provide evidence of a total and complete move.
- L. A student who transfers from any school, whether or not a member school, with a status of ineligibility for disciplinary reasons, academic reasons and/or as a result of another State Association's regulation or sanction, retains such status at his/her new school for the same period as decreed by the former school.
- M. No eligibility will be granted for a student whose residence within a school's attendance boundaries, with or without parents, or whose attendance at a school has been the result of undue influence (special consideration due to athletic ability or potential) on the part of any person, whether or not connected with the school.

PHYSICAL EXAMINATION and PARENT'S PERMISSION

A student-athlete whether an adult or not, must have written permission of parents to participate in school athletics, an emergency information form, and he/she must have a physical examination (signed by a licensed physician, physician's assistant or advanced practice nurse prescriber) every other school year.

A physical examination taken April 1 and thereafter is valid for the following two school years. Physical examination taken before April 1 is valid only for remainder of that school year and the following school year.

TRAINING and CONDUCT

A student-athlete must follow his/her school's code of conduct (training rules) on a year-round basis.

- A. A student-athlete who violates his/her school's code of conduct during the season of a sport (start of practice to final game) must be suspended from competition for a period of time specified in the code (minimum of one meet) if the violation involves (a) possession and/or use of alcohol, (b) possession and/or use of tobacco, including chewing tobacco and (c) use, possession, buying or selling of controlled substances, street drugs and performance enhancing substances (PES).
- B. The member school will determine minimum penalties for violation of any other provisions of its code of conduct, including out of season offenses and for any other unacceptable conduct contrary to the ideals, principals and standards of the school and this Association including but not limited to criminal behavior.
- C. A student-athlete who violates his/her school's code of conduct at times other than during the actual season of a sport must be disciplined by the school, the nature of such discipline to be determined by the school as indicated in its code of conduct.
- D. A student-athlete who violates any part of the school or WIAA's code of conduct resulting in suspension for any portion of WIAA-sponsored tournament competition must be immediately declared ineligible for the remainder of tournament series in that sport. During the WIAA Tournament, an ineligible athlete may not suit up.
- E. A student-athlete, disqualified from a contest for flagrant or unsportsmanlike conduct, is also suspended from the next competitive event.
- F. Any player who in the judgment of the official, intentionally spits on, strikes, slaps, kicks, pushes or aggressively physically contacts an official at any time shall be immediately ineligible for competition a minimum of 90 calendar days from the date of the confrontation. In addition, the player is ineligible to compete for the first 25% of the next season in that same sport.
- G. A school must provide an opportunity for the student to be heard prior to a penalty being enforced. If a student appeals a suspension, according to the schools appeal procedure, the student is ineligible during the appeal process.
- H. Schools/individuals are prohibited during the regular season and the WIAA tournament series from practicing for regional, sectional, and state tournament preparation at sites and facilities hosting WIAA tournaments.

AMATEUR STATUS

A student-athlete must be an amateur in all recognized sports of this association in order to compete in any WIAA sport.

- A. A student-athlete may not accept, receive or direct to another, reimbursement in any form of salary, cash or share of game or season proceeds for athletic accomplishments, such as being on a winning team, being selected for the school varsity team, or being a place winner in an individual tournament, e.g.

- B. A student-athlete may receive: a medal, cup, trophy or plaque from the sponsoring organization regardless of cost; school mementos valued not more than \$200; an award valued not more than \$100 retail for participation in an athletic contest in a WIAA recognized sport; and may retain non-school competition apparel worn by the student as part of the team uniform.
- C. A student-athlete may not receive compensation or benefit, directly or indirectly, for the use of name, picture, and/or personal appearance, as an athlete because of ability, potential and/or performance as an athlete. This includes receiving free and/or reduced rates on equipment, apparel, camps/clinics/instruction and competitive opportunities that are not identical for any and all interested students.
- D. A student-athlete may not be identified (with or without permission) as an athlete, provide endorsement as an athlete or appear as an athlete in the promotion of a commercial/advertisement and/or profit-making event, item, plan, or service.
- E. A student-athlete may not participate in school athletics or in sports activities outside the school under a name other than his/her own name.

SPORTS ACTIVITIES OUTSIDE OF SCHOOL

Athletes may compete in not more than two non-school competitions with school approval during each regular sport season. The contest(s) will not count against the individual maximum for the athlete in that sport. Nonschool competition will not be allowed during the respective WIAA tournament series in a sport. Violation of this rule results in loss of eligibility for the remainder of the season (including the WIAA tournament series).

- A. WIAA rules do not prevent athletes from practicing with nonschool teams or from receiving private skills instruction during the school season. However, they may not participate officially or unofficially (including “banditing”) in more than two nonschool competitions or races, including scrimmages against other teams (with school approval).
 - (1) This restriction applies to normal nonschool games as well as “gimmicks,” such as reduced numbers competition (3-on-3 basketball, 6 player soccer, e.g.), specific skill contests (punt, pass, and kick, shooting contests, free throws, 3 point, e.g.), fun runs, etc.
 - (2) During the season, athletes may participate in a skills contest with approval of the school. Specific skill contests (punt, pass, and kick, shooting contests e.g., free throws, 3 point, drive, chip and putt) isolate separate skills outside of the traditional competition setting. The skill contest may not include physical contact or extreme fatigue as the actual sport competition. Fun runs are not considered skills contests. There can be no school coach involvement. All other eligibility rules including amateur status apply.
 - (3) A student who was a member of a school team during the previous year may not delay reporting for the school team beyond the school’s official opening day of practice in order to continue nonschool training and/or competition.
- B. During the school year before and/or after the school season of a sport and in the summertime, members of a school’s team may voluntarily assemble with their teammates (without school and/or school coach involvement) at their own discretion.
- C. A student-athlete or his/her parents must pay the fee for specialized training or instruction such as camps, clinics, and similar programs.
- D. A student-athlete may not be instructed except during the school season of a sport and approved summer contact days by the person who will be his/her coach in that sport in the following school season. All sports except football are exempt from this rule, BUT only (a) during the summer months and (b) if the program involved is not limited to individuals who are likely to be candidates for the school team in that sport in the following season.
- E. A student-athlete must not participate in an all-star game or similar contest except for summertime activities (a) within the same league or program (e.g., softball game between divisions of same league) or (b) in which a team is selected to represent a league in post-season play (e.g., Babe Ruth league team). Some post-season all-star opportunities may be permitted for 12th graders who have completed high school eligibility in a particular sport. Check with your Athletic Director to be certain.
- F. Schools/individuals are prohibited during the regular season and the WIAA tournament series from practicing for regional, sectional, and state tournament preparation at sites and facilities hosting WIAA tournaments.

USE OF STUDENT IMAGE

The participation of student-athletes in school and WIAA tournaments may result in the use of student-athlete images in promotion of school and WIAA events.

In order to facilitate good communication, all questions regarding athletic participation at your school should be addressed to your athletic administrator.
