

Press Release

School District of New Holstein

Contact Person: Bill Van Meer District Administrator

Community Budget Task Force

On October 17 the Board of Education of the School District of New Holstein gave final approval to a budget approved by the community on September 6, 2011. This budget represents \$560,000 in expenditure reductions. While the district budget is balanced this year, into the future the district anticipates budget difficulties will continued to be hampered by a reduction of state aid in the next fiscal year.

With the state of the economy and the unprecedented state budget cuts to our school, the district administrator recommends the school board appoint a community **Budget Task Force** and charge them with the responsibility of bringing clarity to the reflection of community values and establish links of those values to the district vision. The board of education views the Budget Task Force as a way to strengthen the bridge between the school district and the people who support it through the tax levy.

If you are interested in serving on the Community School Budget Task Force, call or email District Administrator Bill Van Meer.
