Mobile Menus are in Your Hands

Introduced last year, Nutrislice brings the power of the school menu, nutrition and allergen information right to the palm of your hand! In addition to nutrition information, Nutrislice tells the café menu story with real photos taken by Chartwells chefs in schools, full menu descriptions as well as café event information, nutrition education and food stories helping students connect the foods they eat in the café to its origins and health benefits.

Nutrislice is available online through smartphones and the web! Download the free Nutrislice App from the App Store (iOS) or Google Play (Android) and search for your menus or find them on the web: <https://nhsdk12.nutrislice.com/menu>.

Thank you for making our school breakfast & lunch programs a success!

Best Regards,
