

Science 7

Extra Chapter

Facts

Quarter one

Life

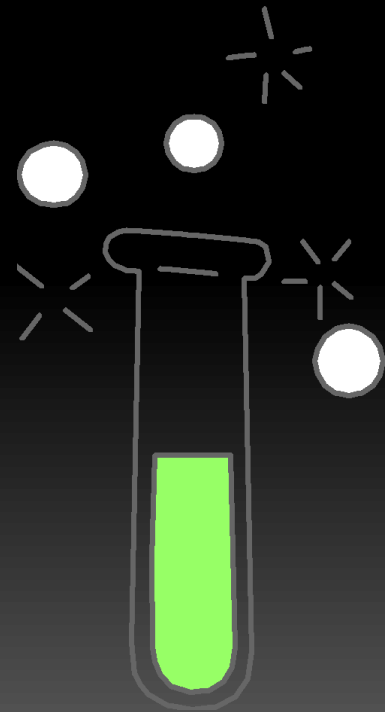

- ◉ Did you know, that all living things respire, need nutrients, grow, move, are sensitive, excrete, reproduce?

Change Over Time

- ◉ Did you know, that some researchers say that goose bumps have to do with evolution, because our ancestors fluffed up their hairs to stay warmer?

Quarter 2

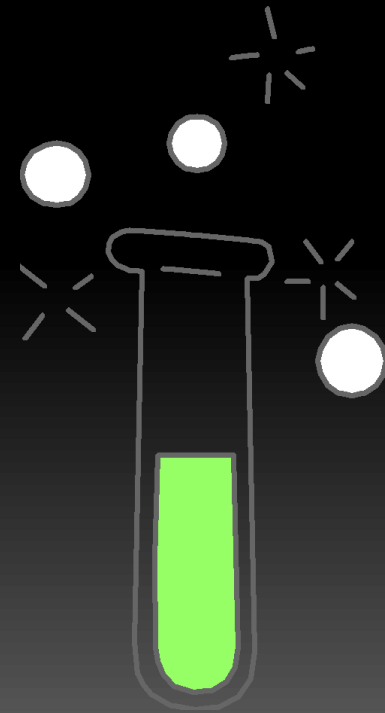

Cells

- ◉ Did you know, that every human has about 75 trillion (75,000,000,000,000) cells in their bodies?

Human Body digestive system

- ◉ Did you know, that your stomach acid is strong enough to dissolve razor blades?
- ◉ Did you know, that it only takes 7 seconds for food to get from your mouth to your stomach?

Quarter 3

Human body

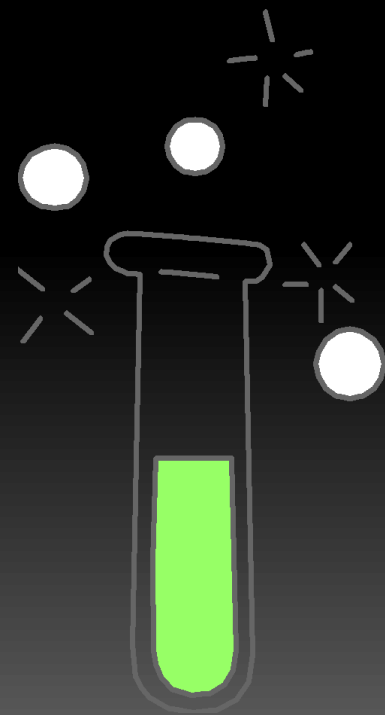

Respiratory/Circulatory Systems

- ◉ Did you know, that the specialist of the respiratory system is called a pulmonologist?

Human Body Muscular/Skeletal Systems

- ◉ Did you know, that it takes 200 muscles to only take one step?
- ◉ Did you know, that your big toes only have 2 bones, while all your other toes have 3?

Quarter 4

Genetics

- ◉ Did you know, that humans have 30,000 genes?
- ◉ Did you know, that it takes about 8 hours for one of your cells to completely copy its DNA?

Ecology

- ◉ Did you know, that the loss of habitat is the most important fact that causes endangered species?
